RE: Five Year Mine Plan Submittal, Genwal Coal Company, Crandall Canyon Mine,  
AT/015/032, Emery County, Utah

In Reply Please Refer to Case No. J885

Dear Mr. Braxton:

In order to clarify the statement in our March 15, 1988 letter to you recommending that a cultural resource survey of any unsurveyed areas for the proposed mine be conducted, we are writing this letter.

We understand that some areas in Sections 31 and 32 of the lease area have not been surveyed for cultural resources. Therefore, the location of any potential state or National Register sites is unknown at this time in these areas. Our office does not require surveys to identify potential state or National Register sites. Compliance with federal or state regulations and laws requiring identification and evaluation of historic properties is the responsibility of the federal or state agency conducting or permitting the project. Our office assists any federal or state agency with their compliance of these laws as they request.

If you have questions or need additional assistance, please contact me at (801) 533-7039 or 533-6017.

Sincerely,

Diana Christensen  
Regulation Assistance Coordinator
